Map notes:

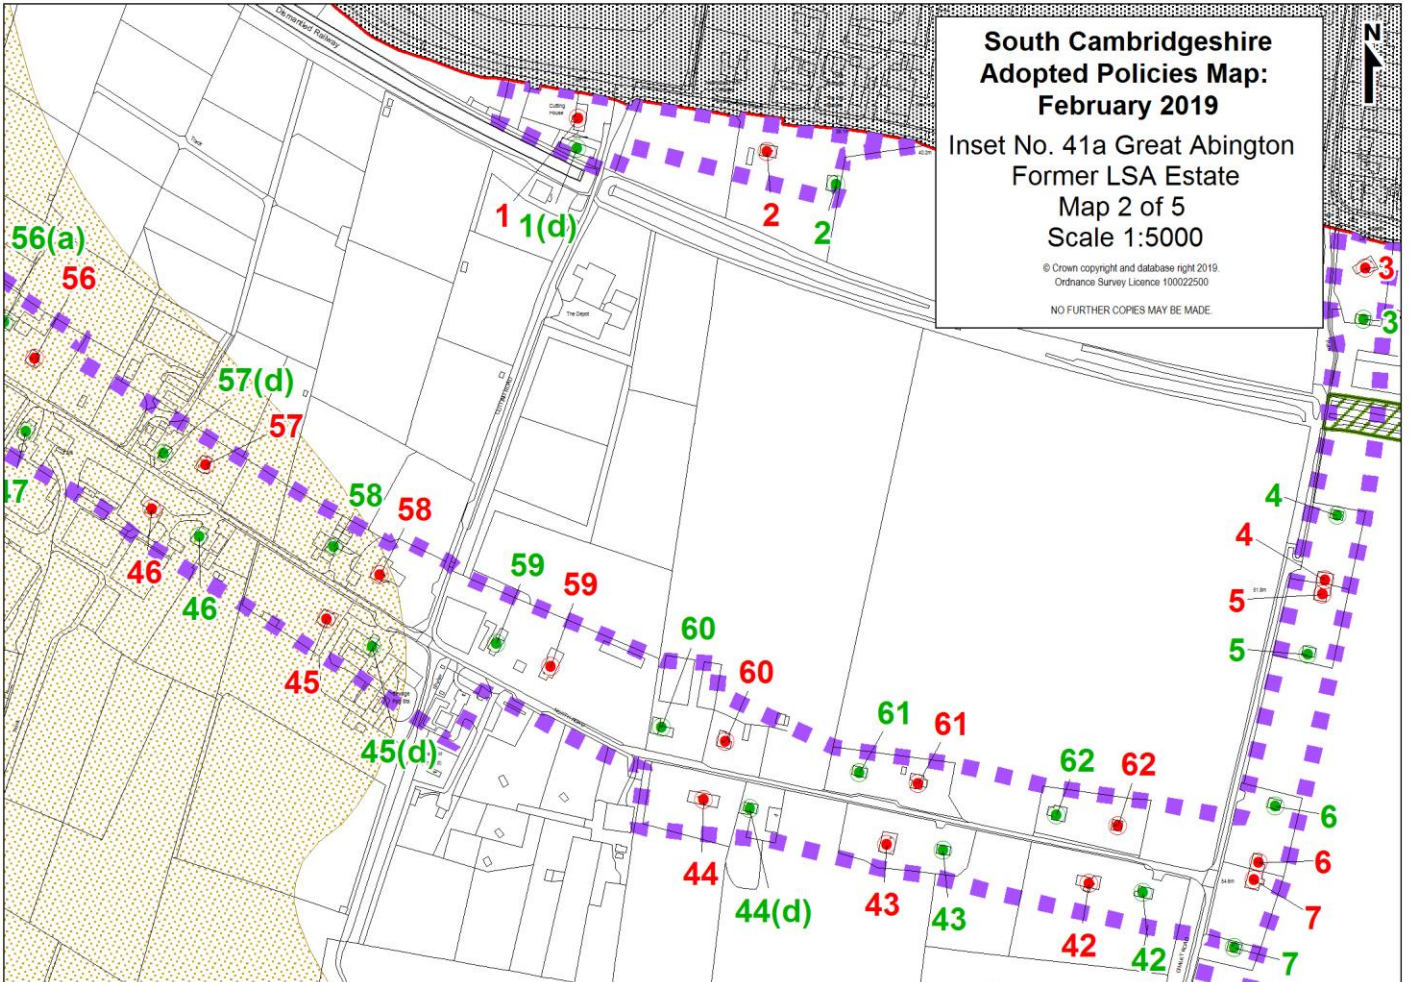

1. Where a piggery number is followed by a) for annex or d) for dwelling, this indicates an annex or dwelling has already been built associated with that property, therefore restricting opportunities for further development under the plan. For clarification this includes those piggery numbers where the dwelling has not actually been built on the site of the piggery i.e. 21, 22, 32, 44 and 57.
2. Whilst marked on the map, the piggery building no longer exists at number 23 or 45.
3. There is an additional dwelling at 44a North Road, not shown on this map, on site of the reservoir which is not part of the original Land Settlement development.
