Fig. 1	Friedrich Ludewig - Founding Director, ACME	Fig. 34	Bramblefields
Fig. 2	ACME work: Eastland Town Square, Melbourne	Fig. 35	Cambridge Business Park
Fig. 3	ACME work: Swansea Arena, Swansea	Fig. 36	Adjacent Residential Neighbourhood & Nuffield Road Industrial Estate
Fig. 4	ACME work: REWE Green Farming, Wiesbaden	Fig. 37	Cambridge Science Park
Fig. 5	ACME work: Victoria Gate, Leeds	Fig. 38	St John's Innovation Park
Fig. 6	ACME work: Stratford Pavilion, London	Fig. 39	Cambridge Golf Driving Range
Fig. 7	ACME work: Stratford Pavillion, London	Fig. 40	Waste Water Treatment Plant
Fig. 8	ACME work: Copr Bay, Swansea	Fig. 41	Industrial Estate
Fig. 9	ACME work: Canopy by Hilton, London City	Fig. 42	Aggregate Works
Fig. 10	ACME work: Hunsett Mill, Norfolk	Fig. 43	Sunningdale Caravan Park
Fig. 11	ACME work: Canopy by Hilton, London City	Fig. 44	Overview Site History
Fig. 12	Friedrich Ludewig work: London 2012 Masterplan	Fig. 45	Historic plans showing development of railway
Fig. 13	ACME work: Bumpers Oast, Kent	Fig. 46	Aerial view of long welded track plant
Fig. 14	Dublin Masterplan, Ireland	Fig. 47	Approaching Chesterton junction from a St Ives line
Fig. 15	Euston Masterplanning, London	Fig. 48	Existing site condition looking South-East
Fig. 16	Southern Cross, Melbourne	Fig. 49	Present Appeal Site Plan View
Fig. 17	Copr Bay, Swansea	Fig. 50	View arriving by train in Cambridge North Station
Fig. 18	Victoria Gate, Leeds	Fig. 51	Cambridge North Station
Fig. 19	60 Aldgate, London	Fig. 52	Novotel Hotel
Fig. 20	SAB Bank HQ, Leipzig	Fig. 53	View over Cambridge Square looking North
Fig. 21	Nollendorfplatz, Berlin	Fig. 54	Milton Avenue view looking North
Fig. 22	H1 Elephant Park, London	Fig. 55	View along Cambridge Guided Busway
Fig. 23	Shoreline Crescent, Folkestone	Fig. 56	South of current surface carpark
Fig. 24	The Haydon, London	Fig. 57	View from Novotel along tracks looking South
Fig. 25	Robina Town Centre Carpark, Gold Coast	Fig. 58	View from Milton Avenue looking South
Fig. 26	Victoria Gate Carpark, Leeds	Fig. 59	View towards NE from aggregate works service road
Fig. 27	Eastland Carpark, Melbourne	Fig. 60	Aerial Photograph of Cambridge North highlighting the Appeal Site
Fig. 28	Appeal Site Location Within Wider Cambridge	Fig. 61	Illustrative sketches prepared by Formation Architects pre-ACME involvement (pre-2020)
Fig. 29	Conservation areas plan	Fig. 62	Comprehensive Masterplan Timeline capturing key milestones throughout the consultation process
Fig. 30	Listed building plan	Fig. 63	Illustrative aerial view of the masterplan,
Fig. 31	Surrounding Context		
Fig. 32	Cambridge North Station, Novotel		
Fig. 33	Nuffield Road Allotments		

	looking north showing OneMilton Avenue in context	Fig. 89	Cambridge City Center
		Fig. 90	NECAAP, Heights Diagram
Fig. 64	Illustrative aerial view of the masterplan, looking north showing the Eastern edge in context	Fig. 91	LVA Visibility Study
		Fig. 92	1743 view showing defined urban edge of Cambridge (Samuel and Nathaniel Buck)
Fig. 65	Illustrative aerial view of the masterplan, looking north showing the residential plots in context	Fig. 93	Jesus College, Cambridge, from the Close (William Westall), (1781 – 1850)
		Fig. 94	View of Cambridge from Castle Hill, 1840 (James Ward 1769–1859)
Fig. 66	Plan illustrating parts of the Application in Outline and in Detail	Fig. 95	Eastern Edge of Site
		Fig. 96	Western Edge of Site
Fig. 67	Proposed submission North East Cambridge Area Action Plan Area Action Plan (NEC AAP) Regulation 19	Fig. 97	View across application site towards central Cambridge
		Fig. 98	Illustrative view along the Eastern Edge
Fig. 68	Plan illustrating the Appeal site in relation to the proposed North East Cambridge Area Action Plan (NEC AAP) and its surrounding wards	Fig. 99	Sectional Study of the Eastern Edge
		Fig. 100	Elevational Study of the Eastern Edge
		Fig. 101	Aerial view of existing visual edge
Fig. 69	Illustrative Exterior Render of Masterplan	Fig. 102	Planting along the Eastern edge
Fig. 70	Excellence in Science	Fig. 103	Massing along the Eastern Edge
Fig. 71	A great place to stay	Fig. 104	Illustrative image of the Western Edge
Fig. 72	Ready for Zero Carbon	Fig. 105	West-East Sectional Study of Western Edge
Fig. 73	Aerial view of application site and context		
Fig. 74	Flat nature of the context	Fig. 106	Existing Western Edge Condition
Fig. 75	Proximity to River Cam	Fig. 107	Chesterton Way Landscape Design
Fig. 76	A14 Highway looking onto application site	Fig. 108	Connectivity Diagram for Appeal Site
Fig. 77	The four sets of Design Principles	Fig. 109	Illustrative Connectivity With Full Site Vision
Fig. 78	Reference images for Urban Design Principles	Fig. 110	AAP Spatial Framework Diagram
		Fig. 111	Illustrative Render Along Milton Avenue, looking South
Fig. 79	Reference images for Commercial Design Principles		
		Fig. 112	Illustrative Render Along Milton Avenue, looking North
Fig. 80	Reference images for Residential Design Principles		
		Fig. 113	Illustrative Render Along Station Row, looking south
Fig. 81	Reference images & diagrams for Sustainability Design Principles		
		Fig. 114	Public Spaces Within Masterplan
Fig. 82	Designed for inclusivity	Fig. 115	Illustrative render of Central Piazza
Fig. 83	Diagram highlighting key character areas	Fig. 116	Illustrative render of Chesterton Square
Fig. 84	Roof Plan	Fig. 117	Illustrative render of Chesterton Gardens
Fig. 85	Masterplan Buildings Isometric	Fig. 118	Landscape masterplan for the Appeal Site
Fig. 86	Plan Ground Floor level	Fig. 119	View from the wild park looking South
Fig. 87	Plan Typical level		
Fig. 88	Building Heights Diagram		

Fig. 120	Local Cambridge	Fig. 151	Physical model of the illustrative design for “Two Milton Avenue” (S8) and “One Chesterton Square” (S9)
Fig. 121	Extract of the Design and Access Statment illustrating the evolving Masterplan	Fig. 152	Aerial Render Illustrating the setting of the Triangle Site
Fig. 122	Plan setting out matters in Outline and Detailed Planning	Fig. 153	Plan drawings illustrating the Massing Evolution of the Triangle Site
Fig. 123	Proposed Masterplan	Fig. 154	Parameter Section AA’ - Building S9 east-west parameter section (north side)
Fig. 124	Masterplan Vision Assuming No Relocation of the sewage works	Fig. 155	Parameter Section BB’ - Building S9 east-west parameter section (south side)
Fig. 125	Masterplan Vision Assuming the NECAAP Enabled	Fig. 156	Parameter Section DD’ - Building S8 east-west parameter section
Fig. 126	Site context plan	Fig. 157	Illustrative ground floor Masterplan
Fig. 127	Aerial View of Site Context, S5 highlighted	Fig. 158	Aerial View S8
Fig. 128	View along the Mobility Hub looking North	Fig. 159	Ground Floor Plan S8
Fig. 129	Sectional Evolution of the Mobility Hub	Fig. 160	Typical Floor Plan S8
Fig. 130	Proposed Uses	Fig. 161	Roof Plan S8
Fig. 131	Diagram of the evolution of Mobility Hub	Fig. 162	Overall Basement Plan S8, S9
Fig. 132	Folded Metal Facade Detail	Fig. 163	Render of illustrative design
Fig. 133	Facade pattern as seen from a distance	Fig. 164	Aerial View S9
Fig. 134	Aerial view illustrating the proposed Masterplan	Fig. 165	Ground Floor Plan S9
Fig. 135	Eastern elevation	Fig. 166	Typical Floor Plan S9
Fig. 136	Western elevation	Fig. 167	Roof Plan S9
Fig. 137	Dorothy Hodgkin	Fig. 168	Overall Basement Plan S8,S9
Fig. 138	Insulin Structure Illustration	Fig. 169	Render of illustrative design
Fig. 139	Outline of Crystallography Process	Fig. 170	Illustrative section of Two Milton Avenue (S8)
Fig. 140	Electron Density Mapping Diagram	Fig. 171	Illustrative section of One Chesterton Square (S9)
Fig. 141	Structure Determination	Fig. 172	Illustrative view of S8 down Station Row looking north
Fig. 142	Pattern as seen from a distance	Fig. 173	Illustrative view of S9 from the Wild Park looking south
Fig. 143	Protein Base Structure Pattern Adoption	Fig. 174	Parameter plan 07 - Proposed uses Ground floor, highlighting the Residential Quarter Site Context, Residential Quarter highlight-
Fig. 144	Diagram proposed Mobility Hub section	Fig. 175	
Fig. 145	Diagram illustrating potential Cycle Parking conversion	Fig. 176	Illustrative view of Chesterton Gardens, looking East towards Chesterton Square
Fig. 146	Diagram illustrating potential Logistic Hub conversion	Fig. 177	Parameter plan 09 - Landscape & Open
Fig. 147	Diagram illustrating potential Residential conversion		
Fig. 148	Illustrative view along Cowley Road		
Fig. 149	Parameter plan 07 - Proposed uses Ground floor, highlighting the triangle site		
Fig. 150	Site Context, triangle site highlighted		

	spaces plan		Chesterton Square
Fig. 178	Parameter plan 07 - Proposed uses Ground floor	Fig. 198	Illustrative view looking North down Station Row and Milton Avenue
Fig. 179	Parameter plan 06 - Building Heights Plan		
Fig. 180	Aerial view highlighting the Linkway in between the Residential Quarter and One Milton Avenue (S4)		
Fig. 181	Parameter plan 02 - Building layout & Application type		
Fig. 182	Parameter plan 08 - Access plan		
Fig. 183	Plan drawings illustrating the Massing Evolution of the Residential Quarter		
Fig. 184	Single Aspect Study of previous masterplans residential layouts, Plan Ground floor level		
Fig. 185	Single Aspect Study of previous masterplans residential layouts, Plan level 01		
Fig. 186	Single Aspect Study of proposed illustrative ground floor residential layouts		
Fig. 187	Single Aspect Study of proposed illustrative typical residential floor layouts		
Fig. 188	Illustrative Ground Floor Layout		
Fig. 189	Illustrative Typical Floor Layout		
Fig. 190	Illustrative Access & Circulation Diagram		
Fig. 191	Illustrative axonometry indicating proposed building heights		
Fig. 192	Indicative view illustrating Chesterton Gardens' internal facades		
Fig. 193	Illustrative aerial view of proposed scheme		
Fig. 194	Illustrative view looking South down Station Row		
Fig. 195	Illustrative view looking South down One Milton Avenue		
Fig. 196	Illustrative view looking West down Chesterton Square towards the Residential Quarter		
Fig. 197	Illustrative view looking East down Chesterton Gardens towards
