Local Land Charges

Schedule of Registers / Access to Information for Local Enquiries Search

## Contact Information

Email: [Land.charges@greatercambridgeplanning.org](mailto:Land.charges@greatercambridgeplanning.org)

Information used to respond to CON29 Enquiries can be obtained via 3 routes, as detailed in the table below:

1. Submission of Form CON29 to the Council where, on payment of the relevant fee, dedicated officers will carry out the relevant research and provide a documented response which is covered by the Council's insurance provision; or
2. Submission of the relevant questions in the form of an Environmental Information Regulation request. This information is made available for inspection and a reasonable fee applied of charge in accordance with the Environmental Information Regulations but relies on the applicant contacting the relevant Council departments and collating the information. In accordance with the requirements of the Environmental Information Regulations such information will be provided within 20 working days; or
3. Direct inspection of records by the applicant. Where practicable, information is either made available via the web-site, or at the relevant Area Office Reception. Where it is not practicable to provide the data for inspection, requests should be made to the relevant Council Department as detailed in 2 above and the table below. In accordance with the requirements of the Environmental Information Regulations such information will be provided within 20 working days. Like option 2, this option relies on the applicant undertaking the research work and collating the information.

To carry out a Personal Search of the Local Land Charges Register, a list of property addresses is required at the time of making an appointment with the necessary plans to be e-mailed at least 5 working days before. Appointments are allocated on a first come-first serve basis and where possible will be within 20 working days of the appointment being made.
