Hello [REDACTED]

Further to my previous email please find attached the final data including the waste data we were waiting for, noting that ES418 will also be subject to external validation (it is the County Council's data) and while occasionally the figure changes slightly it's not expected to impact our own KPI result overall.

Please note we also picked up an error in our turnover rate data and have now included the corrected data for Q4 (FS117).

Finally, note that the comments provided are our initial comments, these are unpublished and subject to change until they have been to committee. They may provide some valuable context when looking at the performance results and therefore we felt it was important for you to these in advance of publication.

Kind regards

[REDACTED]

Subject: RE: SCDC Data

Hello [REDACTED]

Further to my email of 25th March, please find attached the updated data sets and accompanying narrative. We are dependent on Cambridgeshire County Council

providing us with March data for measure ES418 (household waste figures); this is anticipated at the end of April. Do let me know if you have any queries!

Kind regards

Subject: SCDC Data

Hello [Redacted],

Please find attached two files:

- KPI data – this is as provided last week with the addition of KPI SX025 – average land charges search response days
- Planning data sets (major and non-major planning application decisions) – these are up to date to 19/03/24

We are asking all data owners to ensure year-end data is submitted as quickly as possible after the end of March to complete the set for analysis, and we will provide this as soon as we can.

I know Anne will be in touch on your questions and I am happy to schedule a call at any time to assist – just let me know.

Kind regards
